2015 Symposium on Causes/ Predictors of Childhood Uveitis:

*What Pediatricians, Rheumatologists,
Ophthalmologists and Caregivers Need to Know!*

Saturday, November 7th, 2015

Phillips Ambulatory Care Center (PACC)
Mount Sinai Beth Israel • New York, NY

Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the **New York Eye and Ear Infirmary of Mount Sinai** and The Ocular Immunology and Uveitis Foundation. The **New York Eye and Ear Infirmary of Mount Sinai** is accredited by the ACCME to provide continuing medical education for physicians.

AMA Credit Designation Statement

The **New York Eye and Ear Infirmary of Mount Sinai** designates this live activity for a maximum of 4.25 **AMA PRA Category I Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ORGANIZER

**C. Stephen Foster
MD, FACS, FACR**

Founder and President
Massachusetts Eye Research & Surgery Institution
Founder and President
Ocular Immunology and Uveitis Foundation
Clinical Professor of Ophthalmology and
Adjunct Professor of Allergy and Immunology
Harvard Medical School

Join us in collaboration with New York Eye and Ear Infirmary of Mount Sinai in New York, New York as we bring together a collection of the best clinicians/leaders to educate and advance the knowledge and care of Childhood Uveitis to both physicians and parents!

About the Conference: The Symposium on Causes/Predictors of Childhood Uveitis is designed to provide an overview of the latest treatments and techniques for diagnosis and treatment of pediatric uveitis. Uveitis is the third leading cause of blindness in the United States. The prevalence of vision disability in children secondary to eye damage from uveitis is underappreciated by eye care specialists and is unchanged over the past 25 years. As a result there is no consensus regarding diagnosis, treatment, and outcomes. There is an immediate need to provide support to ophthalmologists and the parents of patients in a symposium setting in order to discuss the scientific and social aspects of this disease. The format of the symposium will consist of a comprehensive update on the management of ocular inflammatory disease as it pertains to pediatric uveitis. The course is intended for ophthalmologists, pediatricians, rheumatologists and parents involved in the care of children with uveitis. The concurrent patient-only Support Group for children with uveitis will be conducted by an art therapist to help the children work on developing good coping skills.

Learning Objectives:

- List causes of childhood uveitis.
- Discuss the impact of evidence-based medical data on addressing the special challenges inherent in the differential diagnosis of childhood uveitis.
- Identify current and future treatment models pursuing remission of uveitis through a stepladder algorithmic approach in aggressiveness.
- Discuss the importance and impact of uveitis as a cause of vision disability in children.

PROGRAM

8:00 - 9:00	Breakfast
9:00 - 9:15	Introduction and Objectives C. Stephen Foster, MD, FACS, FACR
9:15 - 9:25	Epidemiology: The Magnitude of the Problem C. Michael Samson, MD
9:25 - 9:40	Differential Diagnosis: Causes of Childhood Uveitis David Chu, MD
9:40 - 9:55	Special Challenges Stephen Anesi, MD <i>Lack of Symptoms</i> <i>Testing of Vision and Pressure in Young Children</i> <i>Examining the Child with Uveitis</i> <i>The Stubbornness of Inflammation in Children</i>
9:55 - 10:05	Visual Disability Data Sanjay Kedhar, MD
10:05 - 10:25	Break
10:25 - 10:55	A Family Affair Barbara Gordon, LCSW
10:55 - 11:20	Sarcoidosis and Other Cases of Childhood Uveitis David Chu, MD
11:20 - 11:30	Eye/Joint Disparate Inflammation C. Michael Samson, MD
11:30 - 11:50	The Rheumatologist's Perspective Jennifer Weiss, MD
11:50 - 12:10	The Ophthalmologist's Perspective C. Stephen Foster, MD
12:10 - 1:10	LUNCH
1:10 - 1:20	Delayed Referral Parent
1:20 - 1:30	Timely Referral Parent
