DOCTOR BILL

+

HOSPITAL BILL

The physician's bill is for professional services rendered by the physician. This charge will be billed by the Physician Associates of The New York Eye & Ear Infirmary, LLC.

The hospital bill covers the cost of equipment, supplies, and technical personnel. This charge will be billed by The New York Eye and Ear Infirmary.

The total cost for many medical services is comprised of two fees: The hospital fee (technical component) and the physician fee (professional component). Each fee is billed separately by the provider of the services. Insurance generally covers both bills. If you have any questions, regarding the physician's fee, please call 212-614-8266.
