Cholecystitis		_____	_____
<b><u>RENAL DISEASES</u></b>			
Differential diagnosis		_____	_____
Nephritis		_____	_____
Pyelonephritis		_____	_____
Nephrosis		_____	_____
Acute tubular neurosis		_____	_____

	Privilege Requested	<u>Director of Services</u>	
		Privilege Denied	Privilege Approved
<b><u>PULMONARY DISEASES</u></b>			
Differential diagnosis		_____	_____
Pneumonia		_____	_____
complicated		_____	_____
uncomplicated		_____	_____
Emphysema		_____	_____
with pulmonary insufficiency		_____	_____
with coma		_____	_____
Pulmonary infarction		_____	_____
Pneumothorax, spontaneous		_____	_____
Tuberculosis bronchial asthma		_____	_____
<b><u>CARDIAC DISEASES</u></b>			
Differential diagnosis		_____	_____
Congestive heart failure		_____	_____
acute		_____	_____
chronic & intractable		_____	_____
Coronary heart disease		_____	_____
with angina		_____	_____
with infarction		_____	_____
with coronary insufficiency		_____	_____
Bacterial endocarditis		_____	_____
Cardiac arrhythmias		_____	_____
Myocardial infarction		_____	_____
with shock		_____	_____
with serious arrhythmia		_____	_____
with cardiac arrest		_____	_____
with congestive failure		_____	_____
recurrent		_____	_____
Rheumatic fever		_____	_____
Myocarditis		_____	_____
Pericarditis		_____	_____
Cardioversion-medical		_____	_____
Cardioversion-electrical		_____	_____
<b><u>HYPERTENSION</u></b>			
Differential diagnosis		_____	_____
Essential, unresponsive		_____	_____
Malignant		_____	_____

		<u>Director of Services</u>	
	Privilege Requested	Privilege Denied	Privilege Approved
Complicated		_____	_____
with cardiac insufficiency		_____	_____
with renal insufficiency		_____	_____

**METABOLIC & ENDOCRINE DISEASES**

Differential diagnosis		_____	_____
Diabetes Mellitus		_____	_____
with acidosis		_____	_____
with coma		_____	_____
Hypothyroidism		_____	_____
Thyroid conditions		_____	_____
with coma		_____	_____
with thyrotoxic crisis		_____	_____
Parathyroid conditions		_____	_____
Pituitary conditions		_____	_____
Cushing's Syndrome		_____	_____
Addison's Syndrome		_____	_____
Pheochromocytoma		_____	_____

**ARTHRITIS**

Differential diagnosis		_____	_____
Rheumatoid		_____	_____
Osteoarthritis		_____	_____
Gout		_____	_____

**ALLERGY**

Differential diagnosis		_____	_____
Hay fever (desensitization)		_____	_____
Urticaria		_____	_____
Serum Sickness		_____	_____
Asthma		_____	_____
with desensitization		_____	_____
Aldosteronism		_____	_____
Sex hormone abnormalities		_____	_____

		<u>Director of Services</u>	
	Privilege Requested	Privilege Denied	Privilege Approved
<b><u>COLLAGEN DISEASES</u></b>			
	Differential diagnosis	_____	_____
	Lupus erythematosus	_____	_____
	Periarterios nodosa	_____	_____
	Thrombose thrombocytopenic purpura	_____	_____
	Dermatomyositis	_____	_____
	Scleredema	_____	_____
	Necrotizing Granulomatosis	_____	_____
<b><u>HEMATOLOGICAL DISEASES</u></b>			
	Differential diagnosis	_____	_____
	Leukemia	_____	_____
	acute	_____	_____
